## New Oil for Alaska

On October 12 we began producing oil from the first new drill site in Kuparuk in over 12 years. Two weeks later CD5, the first oil development on Native land in the National Petroleum Reserve – Alaska, came onstream. Investment for 24,000 barrels of new oil a day...delivered!

## Zinc Saves Lives

Every year, nearly 450,000 children die from zinc deficiency. As one of the world's largest zinc mines, Teck's Red Dog Operations is playing a role in helping solve this global challenge.

Teck has partnered with global organizations such as UNICEF to provide life-saving zinc treatments to the children who need it most. Since 2011, we have reached more than 22 million children worldwide.

Learn how you can help at [www.zincsavestives.com](http://www.zincsavestives.com)
