NORTHRIM CDs. BEYOND SAVINGS.

Northrim CDs were designed to accommodate your investment needs and help you grow your money. Flexible? You bet. The **Alaska CD** allows you to gain access to your money, without being locked into a specific term. Northrim's **Jump-Up CD** gives you the option to increase your interest rate when rates rise, as well as the opportunity to make additional deposits.

These products are simple, low-risk investments with a higher return than a traditional savings account. Find the one that's right for you and let's talk.

FLEXIBLE:

Access to Your Money

• ALASKA CD •

- 1.15% APY¹ Alaska CD
- 1.30% APY¹ Bonus Rate Alaska CD
- \$10,000 minimum opening deposit
- No maturity date or specified term
- Penalty-free withdrawals allowed³
- Additional deposits accepted

FLEXIBLE:

Interest Rates

• JUMP-UP CD •

- 1.60% APY⁴ 11-Month JU CD
- 2.60% APY⁴ 23-Month JU CD
- \$2,000 minimum opening deposit
- Increase earnings when interest rates rise⁵
- Additional deposits accepted

ACHIEVE
MORE

¹ Annual Percentage Yield (APY) effective as of 10/1/18. Rate valid 10/1/18 through 1/1/19. Rate may change after promotional period on variable rate accounts. Minimum balance of \$5,000 required to obtain APY.

² Bonus rate is received if the Alaska CD account is included in the relationship for evaluation for Flex Checking (Power or President's Club tier only), Loyalty Club, or Business Analysis Checking Account.

³ Excess withdrawal fees for Alaska CDs: More than one debit per quarter is \$100 each. Total withdrawals in a calendar quarter exceeding \$500,000 is \$100 per quarter. Withdrawal before end of quarter may result in loss of accrued interest. Interest withdrawals and fees may reduce earnings.

⁴ APY effective 10/1/18-11/16/2018. Minimum balance of \$2000 required to open and to obtain APY.

Early withdrawal penalties may apply. APY based upon the assumption that interest earned remains in account until maturity. Interest withdrawals and fees may reduce earnings.

⁵ If the rate increases, option to jump interest rate once on 11-month CD and twice on 23-month CD.

First Oil ...

For Alaskans these two simple words mean more economic opportunity. And that means more jobs... more revenue...and more oil in the pipeline.

It took team work from hundreds of people – including 700 construction workers -- to bring Greater Mooses Tooth #1 to first oil -- under budget and ahead of schedule.

GMT1, a satellite field in the National Petroleum Reserve-Alaska, could produce as much as 30,000 barrels of oil per day at peak production.

But our work is not done. ConocoPhillips will continue to focus on new projects and new horizons in the NPR-A.

- ✔ **Fiord West:** a new Extended Reach Drilling rig is scheduled to begin drilling Fiord West in 2020
- ✔ **GMT2:** Approved – construction is scheduled to begin this winter, with first oil in late 2021
- ✔ **Willow Discovery:** could produce nominally 100,000 barrels/day by 2024-2025

ALASKA'S OPPORTUNITIES

RESOURCE DEVELOPMENT

Alaska LNG will be the biggest economic driver in Alaska since the Trans Alaska Pipeline was built. Beyond the direct positive impacts to the construction industry and support sectors, the project will create opportunity for new resource projects including mines, and other commercial opportunities. Alaska LNG will launch economic development and opportunity for the next generation.
