Protect Tomorrow, Today

RESPONSIBILITY | SAFETY | JOBS | **COLLABORATION** | ENERGY

A person wearing a white parka and dark pants stands on a large, irregular ice floe. Next to them is a small, weathered wooden boat. The scene is set in a body of water with many other ice floes scattered around. The background is a hazy, overcast sky with a soft light source, possibly the sun or moon, visible in the upper left. The overall tone is somber and contemplative.

Responsibility goes beyond compliance. At ExxonMobil we deeply value the wisdom, culture and vision of Alaskan Natives. Our responsibility is to learn from and collaborate with all Alaskans to responsibly develop Alaska's resources.
